创客市集

Exhibitions

作为Maker Faire活动主体，创客市集是连通创客与大众之间的桥梁，也是广大参展创客团队展示自身创意的平台。在创客市集中活动中，创客市集的招募创客内容将聚焦 Maker Pro，让更多创客达人展示自我，以及连接更多创客产品与产业对接的可能性。

科技爱好者、手工艺人、父母、教师、艺术家、学生、商家将会来到这个意想不到的奇妙现场！期间还会滚动穿插国际创客的装置表演，他们带着幽默感和耐心神出鬼没却天马行空地与现场参与者进行。

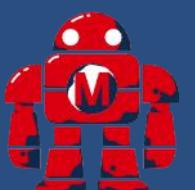

As the main body of Maker Faire, the Exhibition is a bridge between the makers and the public, and it is also a platform for the exhibiting team to show their creativity. Recruiting Maker's content at the Creative Marketplace will focus on Maker Pro, allowing more creators to showcase themselves and connect more Maker products to the industry.

Technology enthusiasts, craftspeople, parents, teachers, artists, students, and businesses will come to this unexpected and wonderful scene!

During the period, they will also be interspersed with the performances of the international makers. They will carry out the ghosts and patience, but they will do it with the participants on the spot.
